

End-to-End Event Management (E2EEM) Task Force Meeting Minutes

August 13, 2010

Attendees:

Richard Hess, Colorado Emmett Hines, Gulf Jeanne Seidler, Wisconsin Ed Tsuzuki (Chair), New Jersey Mary Beth Windrath, Minnesota

We were able to get through the entire spreadsheet (copied below, but please refer to separate Excel file for readability) of proposed fields for the sanction form. The results of our discussion are captured in the revised Excel file (attached). Please take a moment to review what I have captured, as I filled in the "Required/Optional" column and also added a column to indicate whether the field should appear on the Calendar Only Request form, the Event Sanctions/Recognition form, or Both.

Feel free to provide any additional comments on what we discussed this evening.

As a next step, the task force will review a process flow chart, using the latest process description we put together (Word doc of a couple meetings ago), and the information in the Excel file, for us to begin to discuss more details around the timing of the calendar request vs. the sanctions request, as well as approaches to collection the sanctions fee (considering the different models that exist for fee determination) and performance bonds.

Please provide some of your thoughts on other key discussion points as we work towards an initial requirements document.
