

Unofficial Fun Awards Hour Medley Relays
***indicates unofficial stroke, which did not count for team points**

"If you build it, they will come," is from the story about an Iowa farmer who built his baseball "Field of Dreams" in his cornfield. Our FUN AWARDS challenge for Hour Medley Relays, in our "Pool of Dreams," elicited an overwhelming response from swimmers who swam an hour, their way--"danced to the beat of a different drummer." MOST coach, Susan Ingraham, "threw a few challenging twists into an hour of fun," which increased their participation.

Three swimmers took this challenge to the next level. We thought team relays;
they thought, "I can swim one hour of each of the four strokes."
